

**REGION III**  
**STANDING RULES & PROCEDURES**  
**Updated April 22, 2023** (last April 22, 2022)

***Region III Management***

1. Region III member rider's fee shall be \$7.00 per rider for each ride and non-member rider's fee shall be \$8.00 per rider for each ride. Three dollars of this money shall support the National Board members' travel expenses. Remainder shall be allocated for Region III general fund or to such fund(s) as the Region III Board shall deem necessary.
2. Reminder letters shall be sent by the end of February to Region III members who have not yet renewed their memberships.
3. Region III WILL NOT rent vests and stethoscopes to other organizations.
4. Region III district boundaries are as follows:
  - a. District 1 – All of Colorado east of the Continental Divide, plus Wyoming, Montana, Alberta, and Saskatchewan.
  - b. District 2 –All of Colorado west of the Continental Divide, plus Utah and New Mexico.
5. A separate ballot shall also be printed and mailed and/or e-mailed to each Region III member to vote for the Sue Bretag Award recipient (nominees submitted by the Board but write-ins permitted), the Best Managed Ride of the year with all rides listed on the ballot, and the Susie Witter Award. Ballots must be sent by December 1 by the Vice President.
6. Reimbursement criteria for Region III National Directors shall be as follows:

Transportation will be reimbursed at the rate of \$0.40/mile OR the cost of roundtrip airline fare to the meeting, whichever is LOWER. Airfare should be booked as early as possible and in such a manner to obtain the best rate available and the director should notify the Board President and/or Board Treasurer of the fare to allow them to research more inexpensive fares if they wish. When ticket is booked and paid for, director should include cancellation insurance in the price, which will be paid for by the Board. (Cancellation insurance is a small price to pay to assure that, in case of an emergency which forces the director to cancel his/her attendance at a National Board meeting, the airfare will be refunded). Travel to and from director's home to airport will be reimbursed at \$0.40/mile. Transportation to and from airport to hotel will be reimbursed only if there is no free shuttle service available. Directors will be reimbursed \$40/per diem for meals. Directors will be reimbursed for half the cost per day of the negotiated price for the rooms by the National Board of Directors if able to locate a roommate of the same sex for the meeting or for the full cost if not able to locate a roommate of the same sex for the meeting. Each director will complete and turn in with receipts to the Region III Treasurer the reimbursement/criteria worksheet for national board expenses in order to be reimbursed. (See required worksheet form attached at end of Standing Rules.) If a director wishes, he/she may request an advance of \$500.00 from the Region III Treasurer, said request to be submitted at least three weeks prior to a National Board meeting. The advance will then be deducted by the director when he/she turns in the reimbursement worksheet.

7. If a committee chair wishes, he/she may request an advance of \$500.00 from the Region III Treasurer to cover the cost of needed services.
8. Criteria for Ride Startup Grants. See required form attached at end of Standing Rules.
9. Region III vest number sales policy:

Any motion(s) presented will be limited to those which must be decided before the next regularly scheduled Region III board meeting, and any motion(s) that contain a financial decision will be limited to \$500.00. Immediately after a comment period of 7 days, the president will call for an up or down vote on the original motion. A quorum of directors will be needed to vote on the motion. No amendments will be allowed, but depending on board member comments, the president may withdraw the original motion and present another motion. On the final vote, no ties will be allowed; any abstention will count as a no vote. The president will inform the secretary to add the motion and the resulting majority vote to the next regularly scheduled Region III board meeting minutes.
12. Alternate Alternate. Because equal representation is important, in the rare event that an Alternate cannot fill the seat of a regular director at a NBOD meeting, the individual Region will appoint a person at their discretion to fill the seat for that meeting. (Adopted 11/14 by NATRC NBOD)
13. When a member of Region III or someone in the member's immediate family (defined as spouse and/or children) passes away, and upon notification to the Region III Treasurer, the Region III Board will send flowers or a donation to a charity designated by the family not to exceed \$100.00.

## Criteria for Startup Ride Funds Grant (modified 4/22/2023)

1. A startup funds grant of up to \$500 may be awarded to a new ride, to an old ride under new management, or to an established ride/ride management who demonstrates a need for such a grant, upon approval of sanction by the NATRC Sanction Director and upon receipt of written application for startup ride funds submitted by ride manager. Application processing is expected to take thirty (30) days.
2. A ride manager requesting startup funds will submit to the Board of Directors of Region III through its president a proposed budget estimating anticipated income based on a reasonable number of expected entries, and estimating expenses, including but not limited to, the following:

**Estimated Income: Estimated Totals:**

Ride Entries #_____ @ \$_____/per rider	\$ _____

<b>Total Estimated Expenses:</b>	<b>\$ _____</b>

**(The ride manager may request help from the Board with his/her estimation of expenses if desired. The Board suggests that ride budget be built around 35 competitors to lessen possible overspending.)**

3. Upon approval of ride budget proposal and receipt of NATRC sanction approval, the Board will, upon request by the ride manager, advance the requested startup funds (**not to exceed \$500**). The Board may also elect to pay expenses directly, not to exceed \$500.00.
4. Ride manager agrees to return the amount of funds advanced out of the profits realized by the ride. **\*\*It is suggested that a ride manager who repays all startup funds should retain, if possible, a portion of the remaining profit in an account for startup funds for the next time the ride is held; however, nothing in this agreement is intended to prevent the Board from approving a subsequent advance to any ride manager who has previously received and repaid startup funds in full.**
5. If the ride profit is sufficiently small that returning the entire amount would cause financial hardship to the ride manager and/or cause the ride to have no startup funds available for the next year's ride, the ride manager may choose to return a portion of the amount advanced or delay the return of funds to the following year (or the next year in which the ride is held).
6. If the ride loses money due to low attendance or due to expenses or other conditions that could not have been foreseen, or due to the ride having to be cancelled because of circumstances beyond the ride manager's control, the Board will waive return of the funds that year; however, ride manager agrees to work with the Board to return the money the following year (or the next year in which the ride is held).
7. If a ride manager is unable to return any or all funds advanced due to conditions described in Paragraphs 5 and 6 above, ride manager agrees to submit an accounting of income and expenses.
8. It is expressly understood that ride startup funds are to be considered a grant and not a loan; however, while re-payment will not be enforced by the region, no future startup funds will be advanced to the same ride manager or any relative of that ride manager (i.e. husband, wife, children, etc), unless at least 50% of the money previously advanced has been repaid to the region. Otherwise, a new manager of the same ride previously advanced monies will be considered eligible by the Region III Board to apply for funds. In addition, ride managers who have repaid at least 50% of money previously advanced will be eligible to apply for a subsequent grant up to the amount paid. The Region III board may also vote to waive the 50% repayment requirement for any ride manager to avoid future eligibility restrictions.
9. A copy of this agreement will be signed by the president of the Region III Board of Directors and by the ride manager and retained by the treasurer of Region III.
